6in DisplayPort Port Saver Cable – M/F

StarTech ID: DPEXTAA6IN

The DPEXTAA6IN 6-inch DisplayPort Port Saver Cable/coupler avoids expensive repairs to a computer or display. It does this by extending the port by 6in, thereby eliminating the weight and stress that would typically be placed on the port by a DisplayPort cable. This is especially useful in an environment where cables are unplugged and re-inserted frequently.

Applications

- Protect the on-board DisplayPort interface from damage cause by frequent connect/disconnects
- Allows supported Displayport devices to draw power from the host device

Features

- Molded latching connectors with strain relief
- Includes all 20 DisplayPort pins to support Multi-Mode DisplayPort devices
- Supports the DPCP (DisplayPort Content Protection) standard in addition to HDCP
